

## 2LINE SM

### Splice Module

## 2LINE-SM-2HE-144-R

Article no.: 3030637248

The 2LINE Splice Modules are compact connection and termination solutions for the passive fibre optic network components such as the 2LINE ODF or 2LINE MFC. The patented 2LINE splice cassette system comes into play here. The Splice Module is often used in combination with the 2LINE Fanout Module.

- **Splicing of fibres**

## Facts

### Advantages:

- Locking device when module is extended
- Use of splice cassettes for crimp or shrink splice protection
- Availability of mirrored modules

### Scope of delivery:

- 1 pc. 2LINE SM
- Fibre divider
- Cassette bottom
- Splice cassettes optional
- 2x corrugated tube Ø21mm

### Dimensions:

- Width 350 mm; Depth 280 mm
- Heights: 2U 88 mm; 3U 132 mm

## Material:

- Stainless steel, galvanised and powder-coated steel, plastic, RAL 7035

## Features

HU: 2  
Splice count: 144
