

# Membrane injection system

## for buildings without a basement

### MIS60S E BL1300 SET1

Article no.: 3030453466

Suitable for sloping entry through the wall or floor slab.

- **universal building entry with membrane injection system for sloping drill holes through floor slabs or walls**
- **controlled ejection of resin through slit membrane hose**
- **sealing lips ensure gentle seal for media lines**

Picture may differ from selected product

## Facts

### Material:

- Waterproof concrete stress class 2, Waterproof concrete stress class 1
- Flange, seal insert, counter-bearing and adapter: EPDM
- Resin filler hose: PE
- Wall rosette: PE
- Pipe: PVC-U
- Wall terminator element: Flame-retardant polycarbonate

### Advantages:

- Quick to assemble in just a few minutes
- Not necessary to restore basement seal to DIN 18533
- Variety of pre-mounted seal inserts for variable configuration

## Scope of delivery:

- 1 piece of MIS60S
- 1 piece of wall terminator element
- 1 piece of wall rosette
- 10 pieces 2-component resin Resinator, 150 ml

## Dimensions:

- For core drills  $\varnothing$ : 62 - 65 mm
- Overall length: 1300 mm

## Features

Number of cables/medium:	1 1 1 3 4
Suitable for medium pipe OD (mm):	24-30 18-24 12-18 6-12 10 5-7
wall thickness (mm):	200 - 1.200
