

2LINE SPM 19"

Splice/Patch Modules

2LINE-SPM-3HE-19-216-L1B-A1-CL

Article no.: 22192

The 2LINE Splice/Patch Modules are compact connection and termination solutions for our passive fibre optic network components such as the 2LINE ODF or the 2LINE MFC.

- **Swivel splice/patch modules pre-assembled with pigtails, couplings and protective tubes**
- **High packing density of modules (3U with 288 LC ports)**
- **Extremely installation-friendly thanks to fold-down splice cassettes, each with 24 fibers**

Picture may differ from selected product

Facts

Advantages:

- Fold-down front panel serves as laser protection and allows for cleaning and measuring of pigtails
- Easy and self-explanatory assembly due to logical colour coding
- Printing and labelling according to standard or customer specifications
- Two swivel drawers per 1U

Scope of delivery:

- 1 pc. 2LINE SPM 19", preconfigured with pigtails and couplings
- Mounting hardware

Dimensions:

- Width: 445 mm
- Depth: 280 mm
- Heights: 1 U = 44 mm; 2 U = 88 mm; 3 U = 132 mm

Properties:

- Up to 96 LC/APC ports per unit of height (per U)
- Two swivel drawers, each with 24 LC APC duplex adapters
- Pigtail fibers optionally G.652 or G.657
- Rear or front mounting, each adjustable in steps of 20 mm
- Protected loose tube feed via Ø 10 mm corrugated tube for each swivel drawer
- Weight: approximately 4.5 kg

Tests/Standards:

- Plastic parts LSZH, flame-retardant UL94 V-0, UV stable

Features

HU: 3
Drawers: 6
Ports: 216
: crimp
